Riggs show at OffTrack

ENCINITAS — Sensual Spirit is the theme of a reception for a local artist's works in oil. The daughter of the world famous tennis player Bobby Riggs likes tennis, yet her love and passion have always been through "brush" strokes instead.

Dorothy Riggs has an abstract symbolic style of painting that takes a wholistic view of life and integrates elements of nature, creation, sensuality and spirit. She is delighted when people view her paintings as open-eyed meditations and hopes to bring forth upliftment and positive states of mind through the soft lines and blended colors that are characteristic of her style.

Many of her oil paintings will be exhibited at the artist reception that is open to the public on Sunday, August 9, 2:00 p.m. to 5:00 p.m. at the OffTrack Gallery located at 510 N. Hwy. 101 in Encinitas (same building as the Panikin). The paintings will be on display there the whole month of August, but during the reception you will have an added bonus of complimentary Hors D'oeuvres.
